/ ABOUT ME

I am a Computer Science student at the University of Palermo. I consider myself an enthusiast of new technologies, passionate about my career, and always seeking to improve my skills and apply my knowledge in new projects.

/ EXPERIENCE

>> Serfe
2022 - 2022
Full-stack developer with experience in PHP, jQuery, and React. I led the migration of legacy systems from jQuery to React, making adjustments in the backend (PHP) to ensure a successful transition.

>> El Sembrador
2023 - Actually
I designed and developed a web application using Next.js as the React framework for the frontend, and MongoDB as the database. I implemented all the necessary APIs within Next.js to manage daily menu orders from clients.
